

Dear Sir/Madam

Thank you for your enquiry into the 5-day 'hands-on' intensive locksmith course. We have enclosed a course prospectus, which gives a detailed view of what you can expect to learn each day. At the end of the 5-day course each candidate will be awarded with a certificate of competence plus a starter kit of locksmith tools.

To ensure we maintain the Industry approved standards on ethics and best practise, we are required to ask all delegates to submit information in relation to criminal records. This requirement is in place due to the potential conflicts of interest, which could easily arise whilst employed as a locksmith or security professional.

DECLARATION

Any convictions within the last seven years? YES / NO

Nature of offence.....

**Have you ever been refused legal or security based training or employment in the past?
YES / NO**

**If YES please supply
reasons.....**

5 Day

Locksmith Training Course

Locksmith Course Overview

A five day 'hands-on' intensive training course introducing each candidate into the world of picking, opening and bypassing a variety of popular domestic and commercial locks.

All courses take place at our dedicated training workshop in Birmingham. During the course we provide each candidate with all the necessary tools, manuals and a business plan to enable YOU to successfully start & run a mobile locksmith. In conjunction to that we will introduce you to several National maintenance companies who will supply you with sub-contract work. This will give you that vital on the job experience as you start to build your locksmith business up, as well as an income.

The lifestyle and earning potential for a locksmith is very lucrative as you set your hours as well as your prices. For example , weekend and night time work is an area that many locksmiths do not wish to cover. The realisation however is you can charge between £70 & £100 to open a standard Yale type lock at 8.00pm at night, and it will only take you 1 minute (we will show you). What is more we supply each candidate with a manual (developed and used by practising locksmiths) that will enable you to open over 95% of household mortice locks which the British Standards committee have classified as 'thief resistant' (again we will show you how).

Standard course price is £1175 for January 2010 until December 2010. For each candidate who completes the course we include a 12 month FREE subscription to the mortice lock ID bulletin updates and a 12-month FREE dedicated technical support line, as well as free membership to the NNAL (National Network of Approved Locksmiths) – Visit: www.nnal.co.uk

Training School Address:-

Unit 1b Charlotte Road, Stirchley, Birmingham, B30 2BT (next door to SELCO)

Various ways to pay:-

All courses need to be paid in full 2 weeks before the course starts. As we have restricted the course classroom to a maximum of 7 we have to operate on a first come first served basis.

- 1) All major credit cards accepted
- 2) Cheques or Bankers draft
